### Selectmen's Report

The biggest news we have to report this year is our out-of-court settlement with Pontook Hydro. We have reported for several years on a dispute with Brookfield Power (once Great Lakes Hydro), the owners of the facility, centering on their power sales contract with their wholly-owned sister subsidiary, Brascan Power Marketing. The Town challenged their earnings calculations upon which their payment in lieu of taxes (PILOT) was based. The Town had been seeking a Declaratory Judgment on the PILOT Agreement and Brookfield had sued the Town for abatement of taxes. On September 12 we signed an agreement which provides for a settlement payment by Pontook to the Town of \$150,000. In turn, the Town will abate the outstanding three years of Pontook tax bills and will maintain the current valuation of the Pontook facility at \$10,250,000 for three years. This year, Pontook will pay their customary and final PILOT for 2006. Since the tax year and the PILOT agreement are dissimilar, Pontook will pay taxes for one quarter of the April, 2006 – March, 2007 tax year. They will also pay taxes in 2007. Accordingly, we expect extraordinary income in 2007, which will reduce our tax rate for just one year.

The \$150,000 settlement payment in 2006 was put in the general fund surplus and was not part of our operating income. This was done to cover the abatements, which in effect will reimburse the Town for the negative cash flow we experienced in 2004 at the beginning of this dispute. That is the year that our tax rate was artificially suppressed to \$13.64 and came approximately \$100,000 short of our budgeted expenditures.

One negative effect of this single year of extraordinary income will likely be an elevated equalization value two years from now. This State calculation is done annually and is used to apportion County taxes and State education aid payments. Since there is a two-year lag in implementation, we expect to see a higher County tax and lower State education aid payments in 2009.

Our other court case, the Kalil v. Town of Dummer ZBA challenge of our zoning ordinance, remains unresolved.

In 2006 we saw our equalization ratio drop to 90%. This figure tends to drive up our proportionate share of County and School taxes because the NH DRA interprets it to mean that our tax "effort" is low. The limited numbers of sales that we have had since our full valuation in 2005 have indicated rising property values, which in turn have driven down our ratio. Our contract with AVITAR anticipates this effect and this year they will conduct a statistical update of our valuations. This will not entail a full re-valuation and measurement of each property in town, but it will use sales data to adjust our property values to more closely resemble market rates.

Once again, we have renewed our trash collection contract with Milan Container for one year. This year they have asked for an increase equal to the federal cost-of-living calculation of 3.6%. They have suggested a new collection system which they may put into practice this spring. They wish to collect trash in Milan and Dummer on the same day. This is more efficient than stopping at the town line on Tuesday and then coming back and starting in Dummer on Thursday. Furthermore, they propose collecting recyclables on a different day, which will allow them to hire and use their personnel more efficiently. This would also eliminate the possibility of the crew placing recyclables in the trash compactor.

It was a quiet year for Don Bacon and his road work. You will notice that our 2006 road budget was under-spent by nearly \$10,000. That was largely due to the early spring and late winter. That being said, when the roads are bad, Donald is there working his magic. On one of our first icy mornings this season our roads were in better shape than others, prompting a gratifying

complimentary letter from David and Jill Dubey, praising Donald's good work. We certainly agree.

Most of Donald's summer work was on the on-going Hill Road project, which we anticipate completing this year. We estimate about \$20,000 and just part of the summer will finish that project. Then we hope to get started on major repairs of Old Route 110 in West Dummer.

We finally completed the perambulation of the Town Line between Dummer and Stark. The work was contracted and completed by Greg Ainsworth under the supervision of the town of Stark. We paid one-half of the cost. We have now completed our east and west lines and most of the north line. We will take a break from town line perambulation in 2007 but will take a look at the Milan and Errol lines for future work.

We regret to report that Earl Wadsworth, citing health reasons, has stepped down from his long and dedicated tenure as our representative to the AVRRDD. He was a loyal, thoughtful member of the District Board and we will miss his good work on our behalf. We extend our tremendous appreciation as well as our best wishes to Earl and Beverly.

Katie Doherty has also tendered her resignation from the ZBA after 16 years at the post. We thank her for her work.

As always, we need interested citizens to volunteer for important posts in Town government. The ZBA, Planning Board and Conservation Commission are always looking for members. Furthermore, we pay approximately one third of the Milan fire department operating budget. They are in need of volunteers and for years Earl Wadsworth has been the only fire department volunteer from Dummer. Please take some time to help your town operate as well as it can. Furthermore, when someone resigns from a position, please be sure to write the resignation to the Town Clerk so that we can maintain our records. Contact your Board of Selectmen. We meet on Monday evenings, 7:00 to 9:00.

**GENERAL PURPOSE  
FINANCIAL STATEMENTS**

## INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen,  
Dummer, New Hampshire:

We have audited the accompanying financial statements of Town of Dummer as of December 31, 2005, and for the year then ended, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has chosen not to implement Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Therefore, these financial statements are presented following the principles that were in effect prior to GASB Statement No. 34. Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities and business-type activities. The financial statements presented do not contain separate statements for governmental, proprietary, if applicable, and fiduciary fund types, nor are major and non-major funds separately identified and classified. Also, the financial statements do not contain any information on capital assets because the government has not maintained historical cost records of such assets. Management has not presented its discussion and analysis as required. The amounts that would be reported in the missing statements and the required supplementary information, and the effects of reclassifying and properly reporting the information presented are not reasonably determinable.

In our opinion, because of the effects of the matters discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Town of Dummer as of December 31, 2005, or the changes in its financial position or its cash flows, where applicable, for the year then ended.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively compose Town of Dummer's basic financial statements. The Statement of Estimated and Actual Revenues and Statement of Appropriations, Expenditures and Encumbrances are presented for purposes of additional analysis and are not a required part of the basic financial statements. For reasons stated in the third paragraph of this report, we expressed an opinion that the financial statements of Town of Dummer do not fairly present financial position, results of operations, and cash flows, if applicable, in conformity with accounting principles generally accepted in the United States of America. Therefore, we do not express an opinion on the accompanying supplemental schedules.

**ANDROSCOGGIN VALLEY REGIONAL**  
**REFUSE DISPOSAL DISTRICT**  
**2006 ANNUAL REPORT OF DISTRICT ACTIVITIES**

The AVRRDD 2006 Budget apportionment for our member municipalities totaled \$722,864.50. A surplus of \$442,498.03 from the 2005 budget was used to reduce apportionments with a net budget of \$280,366.47 being billed to the member municipalities. The proportionate share of the credit for the Town of Dummer was \$6,322.18, reducing your gross apportionment of \$10,829.94 to \$4,507.76. Preliminary reconciliation of the 2006 budget shows a surplus of approximately \$377,135.20 being available to credit toward 2007 apportionments.

Our Materials Recycling Facility marketed a total of 1,715.21 tons of recyclables for the period January 1, 2006 through December 31, 2006, representing \$119,362.94 of marketing income to the District.

For calendar year 2006, our Transfer Station received 3,361 deliveries from District residents for a total of 891.18 tons of bulky waste and construction and demolition debris. In addition, our 193 commercial accounts delivered 716.24 tons of bulky waste and construction and demolition debris and 509.63 tons of wood. Recycling at the Transfer Station consisted of 1,238.40 tons of wood that was processed through a grinder, 503.12 gross tons of scrap metal and 253.27 tons of leaf and yard waste and 112.02 tons of brush which was chipped with the District owned chipper. In addition, 929 propane tanks; 9,134 ft of fluorescent lights; 862 lbs. of ballasts; 468 refrigerator/air conditioner units and 6,875 tires were received. We also received 2,135 gallons of waste oil from our residents which was used in our waste oil furnace to heat the recycling center. Transfer station revenue income totaled \$35,151.68. The Recycling Center and Transfer Station are operated, under contract with the District, by FERCO Recycling, Inc. of Berlin.

Election of officers was held at the District Annual Meeting in April 2006: Raymond Chagnon of Berlin was re-elected District Chairman; Clara Grover of Errol was re-elected Vice Chairman and Earl Wadsworth of Dummer was re-elected Secretary-Treasurer. Other

District Representatives are: Yves Zornio of Gorham; Richard Lamontagne of Milan; David Tomlinson of Randolph; Linda Cushman of Jefferson; Paul Grenier for the Coos County Unincorporated Places; Lorna Aldrich of Northumberland and George Bennett of Stark and Richard Lamontagne of Milan.

In June, the District conducted its fifteenth annual Household Hazardous Waste Collection Day. The collection was held at the District Transfer Station with 308 households participating. The project was funded through the District Household Hazardous Waste Fund, with an assessment of seventy-five cents (\$.75) per capita to the District communities. In addition, a grant from the State of New Hampshire reimbursed the District at twenty cents (\$.20) per capita. The next Household Hazardous Waste Collection Day will be held Saturday, June 2, 2007 at the District Transfer Station.

2006 marked the fourth year of operations for the AVRDD - Mt. Carberry Landfill. Since purchasing the landfill in December of 2002, no assessments have been made to the District municipalities for Mt. Carberry Landfill operations, with income raised through landfill tipping fees covering operating expenses. Any landfill funds remaining at the end of the year are held in reserve, by the District, to pay for Mt. Carberry operating and capital expenses. The landfill is operated, under contract with the District, by Cianbro Corp.

First and foremost, I would like to thank the wonderful volunteers who devote their time to the library: Katherine Doherty, Lynne Bacon, Martha Holt, Roberta French and Butch Loven. Second, I would like to thank the Friends of the Dummer Public Library who never have a formal meeting, but come out of the woodwork when I need a helping hand. It is the volunteers and Friends who make this library happen. Thank you!

We had another great year at the library. Although our patron numbers have been on the decrease, the other libraries around the state have found our little library to be an excellent resource for inter-library loans. The library continues to build its collection of resource materials, fiction for both adult and children, as well as a video library with no fees.

Events for this year included the Summer Reading Program, "Treasure Reading". Performance artist, Steve Blunt made a special appearance to perform his skit. "Yo Ho Ho, to the Library-O!". He told us pirate stories and discussed different books available with a pirate theme. We had approximately 15 children for the two-day program. The children took home their very own copy of Robert Louis Stevenson's "Treasure Island" along with pirate souvenirs. Aaargh!

In August, we had a book and bake sale held by the Friends at Milan Old Home Days. Lynne Bacon also sold her beautiful, handcrafted jewelry.

On Halloween, we continued the tradition by handing out candy to our little ghouls and goblins here at the library. There is a plan in the works for a haunted forest in the Memorial Reading Garden for next year. Very scary!

In November, the Friends hosted the annual Harvest Soup Supper. Over 100 guests joined us for a night of culinary delights from kitchens around town. The response was so phenomenal, we literally ran out of soup. Due to these fantastic fundraising efforts, we will be refinishing the hardwood floors in the library building in the coming year. the hardwood floors in the library building in the coming year.

For the Christmas season, the library was adorned with white lights for the special presentation of Chris Van Allsburg's "Polar Express". John and Francine Bednar hosted our story hour at the library. Francine arrived in "Elvin style" to read the acclaimed story about a boy's journey to the North Pole to receive the first gift of Christmas. We had a nice turnout of very wiggly children who became even wigglier on hot chocolate and cookies.

On a final note, the town of Dummer lost one its greatest treasures and the library lost one of its greatest "friends". Doris Bergeron passed away and named the library as a memorial fund in her remembrance. She will be greatly missed.

New for 2007....a NEW computer complete with fax/scanner/color printing. High speed internet is not far in the distance. We look forward to seeing you at the library in the coming year!

Elizabeth Ruediger

### **MILAN & DUMMER AMBULANCE SERVICE**

In 2006 we received a State Homeland grant of 9 digital portable radios. Our equipment is still kept up to date with the needs and required state rule. With the new required CPR changes there will be a need to purchase a new expensive defibrillator that will have the capacity to treat adults and pediatric patients. Each year the imposed governmental demands increase, which puts a greater burden on the Emergency Medical Services (EMS). We still need our service to better serve our communities. Without our service injured and sick people might have to wait for over an hour to get help, if our backups of Berlin and Gorham EMS are not available due to their greater demands for service and their unavailability to respond.

At this time the Milan & Dummer Ambulance Service has 5 active members. There were 6 members who either moved away from our area or did not recertify as an EMT. Without the needed volunteer members and my incapacity due to a fire loss, only 10 of the 64 calls were be responded to by our service.

There are 5 people that have just completed a Basic EMT course and are interested to become Volunteers with the Milan & Dummer Ambulance Service. With more help such as this we can increase our coverage to the medical needs for our communities. A new EMT class is scheduled for mid to late March of this year. We are always looking for people interested in becoming volunteers for the Milan & Dummer Ambulance Service. We depend on our volunteers to serve our communities and I personally thank all who help with this needed health service.

Respectfully Submitted,

Peter Roberts

Director Milan & Dummer Ambulance Service

### NORTH COUNTRY COUNCIL 2006 ANNUAL REPORT

Dear Members and Friends of North Country Council,

This has been another busy year at the Council. As we began our 34th year as a Planning Commission, we reaffirmed the Council's commitment to serve community and regional needs.

We have instituted a number of new initiatives over the past year that we will continue to work on in the coming year. The Northern Forest Sustainable Initiative is a major undertaking which we are working on with our partner, the Northern Forest Center. We continue to develop our Community Planning Outreach program and participation by the communities continues to increase. Transportation Planning continues to be a priority and in the coming year we will be submitting input to the Ten-Year Transportation Plan as directed by all of our member communities. We are increasing our activity in Environmental Planning and will be introducing a number of programs under this umbrella. All our programs and services can be found on our new website at [www.nccouncil.org](http://www.nccouncil.org). Please visit us there and give us some input as how we can better help the region and our communities. We welcome all of your input and will continue to expand our capabilities based on our communities needs.

Thank you for all of your support of the Council. I hope that my staff and I can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community need. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Respectfully submitted;

Michael King, Executive Director

**NORTHERN HUMAN SERVICES**

Northern Human Services' The Mental Health Center in Berlin (formerly Androscoggin Valley Mental Health & Developmental Services) respectfully requests that the Town of Dummer continue its support of this agency through an appropriation in the amount of \$309.00 at the 2007 Town Meeting. This amount represents a \$1.00 per capital contribution based on figures from the most recent census. These funds will be used exclusively for the support of outpatient services provided through The Mental Health Center.

Over the past 40 years this agency has provided mental health services to hundreds of people living, working, raising families and going to school in the Androscoggin Valley area. Outpatient mental health services are not funded by state or federal dollars. They are expected to support themselves through client fees, third-party insurance payments, and through local support such as contributions from towns, cities and the United Way. In order to make these services affordable to all persons in need of them, fees are adjusted according to the recipient's ability to pay. Your present and past appropriations have enabled us to follow this practice and your support this year will assure its continuance. We see these services as the backbone of our community's mental health efforts and as essential in the prevention of more serious emotional, social and community problems.

We fully appreciate the pressures, financial, social and emotional, that all sectors of our local communities are experiencing at this time. These pressures are resulting in a significant increase in persons seeking our services at a time in which there has been severe erosion of the health insurance base supporting providers such as us. More than ever we need your ongoing assistance to continue to provide your citizens with the care they are seeking.

Charles P. Cotton  
Area Director

### TRI-COUNTY COMMUNITY ACTION

Tri-County Community Action is requesting \$875.00 in funding from the Town of Dummer to help support its Community Contact Program. Community Contact is the field services arm of Tri-County CAP. Our purpose is to assist low-income, elderly and handicapped persons to solve problems and meet their physical and financial needs. We accomplish this by providing information, counseling, referrals, budget counseling, guidance, and organizational assistance and by effectively linking households with CAP assistance programs and using community resources.

Below is a breakdown of assistance that CAP Community Contact office provided to Dummer residents over the last year:

	<u>Households</u>	<u>Dollar Amounts</u>
Fuel Assistance 2004-2005	15	\$11,310.00
Weatherization 2004-2005	1	\$ 3,261.00
Food Pantry visits	2	\$ 1,377.00
Electric Assistance	8	\$ 4,918.00
Commodity Surplus Food	4	\$ 1,440.00
<b>Total</b>	<b>30</b>	<b>\$22,306.00</b>

Community Contact provides necessary services for the less fortunate citizens in our communities, who would otherwise have to seek help from the town. We are depending upon funding from your town and neighboring communities countywide. The local funds are combined with the Community Services Block Grant, Fuel Assistance and NH Emergency Shelter Grant, Homeless Programs and FEMA. We also are the conduit through which the USDA Surplus food gets distributed to food pantries, including our own, throughout Coos County in order to serve our residents.

If you have any questions, please don't hesitate to give me a call at 752-3248.

Cindy Baillargeon

Berlin Community Contact Manager

### **NORTH COUNTRY ELDERLY PROGRAMS**

On behalf of North Country Elderly Programs, I would like to respectfully request funding in the amount of \$150.00 for the Senior Meals Program to be included in the upcoming Town of Dummer budget process.

During the time period of July 1, 2005 to June 30, 2006 (Fiscal Year 2006) we served Dummer residents 405 congregate meals. The Senior Meals Program in Fiscal Year 2006 was able to prepare and serve 131,448 meals county-wide to senior citizens in need of nutritional assistance.

The current need in Dummer for senior meals services is evident and is likely to continue on the same trend as the population continues to age and require nutritional assistance offered through the Senior Meals Program. The many benefits received by the residents of Dummer is one of socialization and personal growth as participants at the congregate site receive not only a hot, nutritious meal, but opportunities to interact with their peers through volunteering, social activities and one on one contact

The Town of Dummer's past support for this community-based program has been greatly appreciated and we welcome your questions and comments pertaining to this request for funding. Please call the administrative offices at 752-3010, Monday through Friday, and we'd be glad to speak with you.

Again, thank you for your consideration and past support.

Respectfully,

Patricia Stolte, Director

North Country Elderly Programs

**GOVERNOR'S COUNCILOR**

It is an honor to report to the people of this large Northern District in my capacity as Executive Councilor, one of several elected public servants. The five member Council was founded in the NH Constitution and much of NH law provides an additional avenue at the top of your Executive Branch of State Government.

2007 will be a year when members of the Council are charged with conducting public hearings on the State of New Hampshire 10-year transportation plan. With inflation affecting basic transportation costs, and presently no plan for an increase in the State gasoline tax, I don't look for any new projects becoming a reality. We'll be lucky to complete what is currently in the plan.

I continue to seek volunteers to serve on the 300 or so Boards and Commissions as prescribed by New Hampshire law. There are some great opportunities to serve your state government! Send your letter of interest and resume to my office, or to Kathy Goode, Director of Appointments/Liaison to the Council, Governor's Office, State House., 107 North Main Street, Concord, NH 03301. Tel. (603) 271-2121. To find out what openings are available and to see a list of boards, visit the NH Secretary of State website at: [www.sos.nh.gov/redbook/index.htm](http://www.sos.nh.gov/redbook/index.htm).

The NH web site is a very valuable for citizens. If internet is not available to you, use your public or school library to go to [www.nh.gov](http://www.nh.gov) and find all state agencies, general court (representatives) and senate members, mailing addresses, and where legislative bills and proposals are. I send my weekly schedule to some 500 e-mail addresses that include town offices, county officials, district media. NH House and Senate members, and others. If you would like to be on that e-mail list please send your e-mail address to [rburton@nh.gov](mailto:rburton@nh.gov). I often include often include other public notices and information.

It is an honor to continue to serve you now in my 29th and 30th years as a public servant. Contact my office anytime about your ideas, concerns and problems with state government. I respond to all inquiries and challenges.

Sincerely,

Ray Burton

## **Dummer Berlin AREA Withdrawal Study Timeline and Update Study Impacts Students in Grades Seven through Twelve March 13, 2007**

On March 13, 2006 the residents of Dummer voted to form a Dummer/Berlin AREA Study Committee. The purpose of the committee was to provide a recommendation to the citizens during the March 2007 Dummer Town Meeting as to the feasibility of withdrawing from the AREA with Berlin. Following is a timeline as to the progress of this committee:

- August 7, 2006-First organizational meeting held.
- September 26, 2006-Second meeting/work session held.
- October 2, 2006-Third meeting held.
- November 6, 2006-Fourth meeting held.
- December 4, 2006-Fifth meeting held. Committee votes to submit AREA Dummer/Berlin Withdrawal Study Report to the New Hampshire State Board of Education. 4-Affirmative, 0-Negative, 1-Abstention.
- December 10, 2006-Report sent to New Hampshire State Board of Education through New Hampshire Department of Education.
- December 18, 2006-Contact from the New Hampshire Department of Education stating the Report as submitted would not be adequate and would be sent back to be revised by Dummer/Berlin AREA Committee. Report would have to be submitted by January 3, 2007 with revisions in order to be on the January 2007 New Hampshire State Board of Education Agenda for approval. Information and revisions needed would not be ready in time for the January 3, 2007 date.
- January 9, 2007-Letters sent to Berlin, Gorham Randolph Shelburne Cooperative, and Northumberland School Districts inquiring if they would be interested in forming a tuition agreement in the future with the Dummer School District for students in Grades 7 through 12.
- January 2007-Both Northumberland and Gorham Randolph Shelburne School Districts respond in the affirmative to forming a tuition agreement, in the future, with the Dummer School District for Students in Grades 7 through 12.
- February 12, 2007-Dummer residents informed, during School District Budget Hearing, that AREA withdrawal, legally, cannot be acted upon until the March 2008 School District Meeting due to current RSAs and timelines.

Based on the above information the earliest that a withdrawal could take place is July of 2009 if the withdrawal plan is modified to reflect this date.

**Superintendent's Report  
Dummer School District  
Dummer, New Hampshire**

Dear Citizens of Dummer,

I would like to thank you for giving me the opportunity to serve the children and citizens of Dummer as Superintendent of SAU 20. Since July of 2006 I have worked together with the School Board on established initiatives and on new initiatives that the Board began this past fall.

The School Board has worked this fall to establish policy, develop budgets, evaluate their performance as a Board and help the SAU 20 Board develop a Superintendent evaluation tool. They take their jobs as board members very seriously and always inquire as to the quality of educational programs at both the Milan Village School and the Berlin Schools. They have made sure that the budget put forth to voters this March is one that will serve the educational needs of Dummer students and be reasonable to the taxpayers.

David Backler, Principal of the Milan Village School, and his ambitious staff continue to improve the educational programs at the school for the benefit of your children. The atmosphere of the school is a positive one, with programs that facilitate academic, social and emotional student success.

In March of 2006, the citizens of Dummer voted to study the feasibility of withdrawing from the AREA agreement with the Berlin School District. The vote to establish the study committee was a vote for parent/student choice as to which school the children may attend from grades seven through twelve. To that end, a committee was established consisting of Board Members from both Dummer and Berlin and a citizen representative appointed by the Dummer Selectmen. The study committee held meetings throughout the fall and has made a determination that withdrawal from the Berlin/Dummer AREA **is feasible**. Citizens will vote to approve or disapprove the withdrawal plan at a future School District meeting, 2008, after the plan is reviewed and endorsed by the New Hampshire State Board of Education. The AREA with Milan, Grades PreK-Six, was approved by both the Dummer and Milan voters in March of 2006 and is not affected by this study or recommendation.

With the help of the Dummer School Board, Pauline Plourde, SAU 20 Business Administrator, Steve Gordon, Special Educator Director for Dummer and an excellent SAU Office Staff, I will continue to support the programs that enhance the educational initiatives both in Milan and Berlin.

Thanks to the parents and other citizens of Dummer for their time, energy and financial support. for the students of Dummer. I would also like to thank the students of Dummer for all their hard work!

Please do not hesitate to contact me if you have any questions regarding your child's education.

Sincerely,

Paul Bousquet  
Superintendent, SAU 20

Milan Village School  
Principal's Report  
2006-2007

The 2006-2007 school year has brought many rewards and opportunities for the staff and students of the Milan Village School. With the consistent and generous support of the staff, parents, volunteers, school board, SAU personnel, students and Milan community, we have enjoyed the tremendous advantages of operating in a small school environment while keeping up with national standards. In addition, our active school community has helped us to continue to refine our many excellent programs designed to give individual students the skills and knowledge that they will need to succeed in a diverse world. The following are examples of these programs:

- The Preschool program is in its third year. Mrs. St. Gelais has worked hard to create a program that is both fun for children and academically rigorous in order to prepare them for Kindergarten and beyond. The students learn pre-academic skills through themes that change throughout the school year.
- This is our 3<sup>rd</sup> year using the PBIS (Positive Behavioral Interventions and Strategies) method for discipline. It has become part of the structure of the school and as we focus more on encouraging and developing students' positive behaviors, we have seen amazing attitudinal changes.
- We initiated several new programs this year designed to add value to the curriculum that we already have in place. The 5<sup>th</sup> grade is working with the Kindergarten and Trout Unlimited in an Adopt-a-Salmon program. The students are raising Salmon eggs in the classroom that will be released in a local river this spring. In addition, beginning this winter, a representative from the Appalachian Mountain Club will spend one day every month working with students and assisting teachers with hands-on projects designed to enrich each class's curriculum.
- We are taking full advantage of our computer lab this year. Mr. Fortier has joined our staff and is teaching a computer class that every student takes once a week. It has enabled us to integrate more advanced computer skills into the regular curriculum.
- As part of the No Child Left Behind Act, students in grades 3-6 participated in the New England Common Assessment Program.
- We continue to use the Measure of Academic Progress or MAP test which gives us a valuable real time assessment of both students and our curriculum. The test is taken in the fall and spring. It is designed to change its questions based on the student's performance, growing more challenging the more correct answers he or she gives. This type of test allows us to really understand the growth of each individual student.
- The PTO continues to accomplish wonderful enriching activities for our students. The volunteer effort in general is truly amazing. This year will be the 25<sup>th</sup> year in a row that we have received the Blue Ribbon Award. The Blue Ribbon Award is based on the number of volunteer hours and most schools are proud to achieve the goal once. It speaks very highly of a school and community to have been on the receiving list for a quarter of a century! Volunteers have helped with a myriad of programs including: cultural events throughout the school year, the Ski Program, the Recreation Department, the Bike-a-thon, the Walk-a-thon and Wood's Day. Thank you, volunteers.
